Professional Summary

Front-end developer with a strong focus on responsive design, accessibility, and clean, maintainable code. Completed a Treehouse Techdegree with hands-on experience building polished, user-friendly web applications in collaborative environments. Skilled at translating mockups into fully responsive interfaces using HTML, CSS, and JavaScript, with a commitment to modern design principles and user-centered development.

Skills

HTML5 · CSS3 · JavaScript (ES6+) · Responsive Design · Accessibility · API Integration · Git/GitHub · Chart.js · LocalStorage · UI/UX Principles · CSS Flexbox & Grid · Media Queries · Semantic HTML · Chrome DevTools

Projects

Web App Dashboard – *Responsive admin UI that uses Chart.js & localStorage*
 Interactive charts, alert notifications, user messaging, settings panel, and functional save button for preferences
 Live | Repo

Game Show App – *Word-guessing game for desktop with animated UI*
 Dynamic phrase generator, animated letter reveals, responsive layout, and custom reset logic
 Live | Repo

Employee Directory – *API-driven employee listing with search and modal navigation*
 Displays API-sourced employee data in a responsive grid; includes search filtering and detailed modal views
 Live | Repo

Friends Trivia Quiz – *50-question quiz app with final score feedback*
 Fun and fully functional quiz app with a responsive interface and score tracking
 Live | Repo

JavaScript Calculator – *Accessible calculator with theme toggle*
 Includes arithmetic logic, decimal support; shows ability to match design prototypes with precision and care
 Live | Repo

To-Do List – *Responsive task manager with local storage support and custom accessibility*
 Allows users to add, edit, complete, and remove tasks; completed items auto-sort to bottom
 Live | Repo

Responsive Layout – *Fictitious portfolio site built with mobile-first, responsive design principles*
 Demonstrates clean, scalable CSS across multiple screen sizes and precise mockup matching
 Live | Repo

Digital Business Card – *Sleek, interactive business card with a flip animation that's smooth as butter*
 Designed to complement my personal brand with consistent color scheme, typography, and logo
 Live | Repo
