VICTORIA FUSELIER

I'm a front-end web developer. I've worked in hospitality, medical reception, and health/fitness. I've been practicing front-end web development since 2021. I'm looking for a position as a junior front-end web developer. I enjoy coding because it allows me to exercise my creativity and problem-solving skills. I also like that there's always something new to learn.

EDUCATION

High School Diploma, Valedictorian
Lake Arthur High School

Bachelor's Degree, Kinesiology
Louisiana State University

Front-End Web Development Track
FreeCodeCamp

Front-End Web Development Track
Treehouse

Front-End Web Development Techdegree
Treehouse

WORK

Personal Profile
Practicing my HTML and CSS skills, I built a personal profile page.
https://victoriafuselier.github.io/personal-profile-page/

Responsive Layout
Based on mockup images, I created a site with a mobile-first responsive layout.
https://victoriafuselier.github.io/mobile-first-responsive-layout/

Registration Form
Building on my HTML, CSS, and responsive layout skills, I built an online registration form.
https://victoriafuselier.github.io/online-registration-form/

Web Style Guide
I built a useful Sass micro-framework that I can use to quickly prototype other websites.
https://victoriafuselier.github.io/web-style-guide/

Photo Gallery
I created an interactive photo gallery to match a mockup image using JavaScript and CSS grid layout.
https://victoriafuselier.github.io/interactive-photo-gallery/

Game Show App
I improved my JavaScript skills by building a browser version of a "Wheel of Fortune" type of word-guessing game.
https://victoriafuselier.github.io/game-show-app/

Web App Dashboard
I used a mockup and SVG images to build a web dashboard with JavaScript-driven charts and graphs.
https://victoriafuselier.github.io/web-app-dashboard/

Employee Directory
I used an API to create an employee directory for a fictional startup company.
https://victoriafuselier.github.io/employee-directory/

Off the Hook Creations
I made a website for a small business start-up to reach more customers.
https://victoriafuselier.github.io/off-the-hook/
